AirPen® Pro

The AirPen® Pro helps you add beauty to any decorative sandcarving substrate. It's incredibly uncomplicated and easy to use. Bottom line... It's the best way to color-fill. Some of the highlights include:

- **Ideal for detailed awards, gifts or promotional products.**
- **Draw fine lines and fill in detailed designs.**
- **Dispense paint with precise and consistent flow control.**

The AirPen Pro makes it simple to apply precise, consistent lines and decorative details. It provides control and ease of application that is virtually impossible to achieve with squeeze bottles, brushes or any other technique. Take decorative sandcarving to the next level with AirPen Pro from IKONICS Imaging.

AirPen kit includes:

1. Dual-Port pump with air flow regulator
2. 14 interchangeable applicator tips of assorted sizes for thick to thin images
3. 8 quick-change cartridge assemblies
4. 110V — 4 psi diaphragm air pump with 6' air line
5. Cleaning plungers and storage caps/plugs for each cartridge
6. Complete operating instructions and warranty
7. 8 anti-gravity piston "followers"
8. Durable plastic dual-opening case

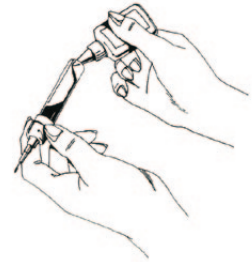

Replacement parts:

- Quick-change cartridge tip kit \$54.95
Includes: 6 cartridges, 6 sets storage caps, 6 cleaning plungers, and 11 tips in assorted sizes along with an additional cartridge holder.
- Packages of 25 tips (dispensing needles) all one size \$27.50
- Packages of 25 cartridge assemblies* \$85.00

How to use:

Step 1 — Fill Cartridge

Pour in the paint. (For convenience, store water-based paint in cartridges)

Step 2 — Twist to Insert Cartridge

Changing colors is as simple as changing cartridges.

Step 3 — Precise Fintertip Control

Once loaded, the AirPen does all the work. Lightly covering the beveled hole with finger is all the effort required to operate. Lift your finger slightly to adjust the paint flow or lift it completely to immediately stop the paint flow.

Tip sizes:

Yellow	20 gauge	0.024 i.d.
Grey	22 gauge	0.016 i.d.
Orange	23 gauge	0.013 i.d.
Red	25 gauge	0.010 i.d.
Tan	27 gauge	0.0008 i.d.
Purple	30 gauge	0.0006 i.d.

Note: The AirPen® Pro is only available in 110V, 60Hz.
