

## MINI-CARVER

The Mini-Carver from IKONICS Imaging is ideal for the hobbyist or occasional decorator interested in entering the profitable world of decorative sandcarving. The cost-effective start-up systems allow you to create beautiful sandcarved products completely in-house.

The Mini-Carver offers an entry level introduction to a very popular industry with the added benefits of IKONICS Imaging's professional knowledge and expertise. Start small and think big with our starter siphon systems.

**\$285 SPECIAL OFFER**

## WIRE WHEEL

**\$20 SPECIAL OFFER**

Check out the NEW wire wheel.

### Why Use the Wire Wheel

The wire wheel perforates the membrane of the photo resist film after mask application to remove trapped air.
