

## Clip Art - Illustrator AI & EPS Images on CD

### PRICE INFORMATION

- EPS format matches the highest setting of your printer
- CD-ROM works on both Macintosh and IBM/PC
- Complete reference catalog included
- Easy-to-use

Compatible with Corel®, Macromedia Freehand®, Adobe Illustrator®, Adobe Photoshop®, Quark Express®, and more.

The Vector Art Mega Collections contain a variety of images that work with both Macintosh and IBM computers. Select from thousands of images of the most popular topics including sports, animals, holidays, and people. All files come in EPS format and can be edited when used with a compatible graphics software program. The reference catalog pictures all of the images so you can quickly search for a desired subject or image.

Create thousands of quality images in-house easily, quickly, and affordably. Offer your customers a variety of images that can be transformed into intricate sandblast stencils using our high quality photo resist film products.
